

**TICKET #IE314\_188**

The Alternator RH selector switch on the instrument panel is unserviceable

Michael Smith 10-4-2024

Ticket created on Alsim Help Desk

Jeffrey Hareau (Alsim): 15-04-2024

Hello Michael,

Did you had time to run an lowatch to confirm the issue itself is the switch?

Michael Smith 17-04-2024

Jefforey - Not yet - Ill get that done and update the ticket. Regards Michael

Michael Smith 21-04-2024

Jeffrey, the IOWatch does not register any input when we use the switch.

I will look into replacing the switch

I do have one in the spare parts box.

Michael Smith 27-04-2024

Jeffrey - I have replaced the switch and the it is working perfectly can I get a replacement switch sent to replace in my spare parts box.

I will close this ticket

Michael
