

TICKET #IE314_154

The FSTD operator advised that six QTGs require re-mastering. Following a review of the quarterly QTG re-runs it appears that seventeen QTGs need to be remastered. The FSTD operator should provide to the IAA, for each QTG, the requirement for re-mastering, the old QTG and the new QTG. There was no time in this evaluation to review the seventeen remastered QTGs.

ArchiveFolder (These 11 have already been signed off and approved)
